Dear Mr. Chamberlain:

This letter is to inform you that your application for Environmental Lead Laboratory approval has met all the criteria established in the Ohio Administrative Code 3701-82-02(C). Your laboratory approval number is 10002. This approval will expire **MAY 30, 2002**.

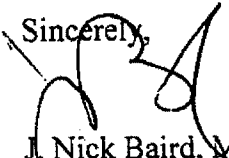

If for any reason your laboratory has its National Lead Laboratory Accreditation Program (NLLAP) accreditation denied, revoked, suspended or limited, you shall notify me within twenty-four hours of that action. You shall also notify me within five business days each time the laboratory's NLLAP accreditation as an Environmental Lead Analytical laboratory is renewed or modified.

All approved Environmental Lead Analytical Laboratories shall send to me by first class mail a copy of its quarterly proficiency testing results from the "Environmental Lead Proficiency Analytical Testing" (ELPAT) program within five business days of receiving the results.

In accordance with Chapter 119 of the Ohio Revised Code, I may deny or revoke the approval of an Environmental Lead Analytical Laboratory if at any time the laboratory does not meet the requirements of the Ohio Administrative Code or Chapter 3742 of the Revised Code.

If you have any questions about this approval letter, please contact Pam Thomas at (614) 728-6844 or (877) 668-5323.

Sincerely,
